## Kommunity Karnival Will Occupy Three Days in July and Ball Tourney on Card

Provisional Committee Decides on the Second, Third and Fourth as the Dates—Elks, Kiwanis and Sports Association in Charge, With Other Organizations Heartily Co-operating for Three Big Days—And Nights

Wetaskiwin will enjoy the thrills of another big Kommunity Karnival this year, the dates decided upon being Monday, Tuesday and Wednesday, July 2, 3 and 4. This was definitely decided upon at a meeting in the City Council chamber last Friday evening, when the provisional committee, composed of representatives from the Elks, Kiwanis and Sports Association went into the matter thoroughly. A permanent committee of general management will be selected this week, and until the preliminary arrangements of the provisional committee are ratified. No definite announcement is being made as to the plans, which, however, promise something bigger and better than ever, with several new and novel features. Sports and other attractions will also be staged at the fair grounds, including probably a two-day baseball tournament.

The Board of Trade, City Council, Royal Order of Moose and other organizations have been approached and the fullest co-operation is anticipated, as well as the citizens at large. The following representatives attended Friday's meeting: Elks—Eman, Grant and O'Neill; Kiwanis—Odell, Manley and French; Sports Association—Montgomery, McMurdo and Bellamy.

### TWO AUTOMOBILE CASES COMPLETE COURT DOCKET

His Honor Judge Lees is holding a regular sittings of the District Court here this week. The list of cases is short and only two actions are being tried.

The first case was the case of Burke vs. Weir. This arose out of an accident which happened two years ago when Mr. Weir, a farmer from the Brightview district, lost control of a car just acquired by him and collided with a gasoline pump in front of the plaintiff's garage. The pump was rather badly damaged and the plaintiff commenced action, claiming about \$50. The defendant admitted liability to the extent of \$175 and paid this amount into Court in full satisfaction of the claim. This amount the plaintiff refused to accept, but the finding of the trial judge is that the damage sustained did not exceed this amount. Judgment was therefore given for the plaintiff for the sum of \$175, but the defendant succeeded in the matter of costs. A. M. Naimith (Calgary) appeared for the plaintiff; C. H. Russell for the defendant.

The case of Richards vs. Jensen is now proceeding. It is a case for damages resulting from an automobile accident. R. D. Tighe (Edmonton) for the plaintiff; Alexander Knox for the defendant.

The three R's of matrimony: Romance, Rice, Rocks.

## Crops Generally Are More Advanced Than Year Ago, Says C.P.R. Report

Winnipeg, Man., May 14, 1928.—It is expected that within the next two or three days all wheat and a considerable percentage of coarse grains will be sown, according to a weekly survey of crop conditions issued here today from the Agricultural Department of the Canadian Pacific Railway. Weather has been very satisfactory during the past week and work has gone ahead throughout the West. Compared with last year the crop is going ahead much faster and is in better condition. Extremely high winds have been responsible for some drifting, but little damage has been reported. Resulting from abundant moisture greater acreage of summer fallow has been seeded and with fair season crops should show bigger yield per acre on this account. Pastures are now coming along well with warm weather and showers during the week in Saskatchewan and Alberta will help considerably.

Farmers in Manitoba have continued work on the land without interruption since first work began, with moderate temperature making conditions ideal and the land easy on the horses. Wheat in this province is practically all seeded with 30 to 40 per cent of oats and barley.

Practically ideal conditions prevailed throughout in Saskatchewan. At present 60 to 70 per cent of wheat throughout is seeded and will be completed in another day or so.

Forty-five per cent of coarse grains are in the ground and soil everywhere

### OTTAWA RIVER HIGHER THAN IN PAST 19 YEARS

Ottawa, May 14.—With the Ottawa river swollen to the highest point in the past 19 years, the levels both of it and the Gatineau were unchanged today. The feeling here is that unless there are some unexpected developments in the north country the peak has been reached.

Along the Ottawa between this city and Pembroke there was little change in the situation. Thousands of motorists came to see the floods Sunday, viewing the summer cottages standing out in the newly formed lakes. In the vicinity of Calumet Island the Barry river bridge has been carried away and many farm houses are flooded. Dozens of villages along Lake Pepen are marooned but they are almost entirely summer homes and had not yet been occupied this season. The railways skirting the lake are high enough to be out of danger so far. At Gatineau Point about 35 families have had to move out of their homes in this little village.

## Weddings

SILVESTER-ANSELL  
A quiet wedding took place at the office of the registrar, Wetaskiwin, on Monday, May 14, when the Rev. P. C. McChae united in the bonds of Holy Matrimony, Elizabeth May Ansell of Millet and Henry Lewis Silvester of Edmonton.

The happy couple will make their home at the Capital city.

### MILL AT WINFIELD WILL BE REBUILT

Winfield, Alta., May 10.—A. E. Drader, owner of the sawmill at Winfield, which was completely destroyed by fire on Saturday morning, is planning to rebuild at once. About 30 men are thrown out of employment until the mill is rebuilt, which, it is estimated, will take about four or five weeks. Most of the machinery can be fixed up and will be used again.

William Drader, who was acting as manager during the absence of the owner in Edmonton, discovered the fire about 5 a.m. on Saturday, but the time he had aroused the men, the whole mill was in flames and the only salvage possible was a stack of lumber that had left the planer the previous day.

### DISTRICT W.C.T.U. DISCUSS BUSINESS

Central Alberta District W.C.T.U. convention was held at Innisfail May 9 and 10, with the president, Mrs. Coote of Clive, in the chair. The provincial president, Mrs. L. C. McKinney of Claresholm, was president at all sessions, taking part in the program and elucidating any matters when occasion arose. In discussing the annual report sent in by local unions the provincial secretary, one special suggestion was made, that the report, when filled in, be read at the last meeting of the local union before convention, in order to check up and make sure that the tabulated figures and statements were absolutely correct before being sent to the provincial office. It was also urged that the local unions should write the superintendent of each department of provincial work, stating just what had been done along her line, or if her department had not taken it up at all.

A motion was passed to endorse a recommendation to the provincial convention that a certain number of departments be conducted through a district superintendent.

At the evening session a daisy chain was displayed, each containing names of W.C.T.U. members. Mrs. McKinney gave an inspirational address in which she stressed the work of the laboratory in bringing scientific proof that the first part of the human body to be affected by drinking alcoholic beverages, is the highest nerve centre. Thus, the person so affected loses all power of self criticism.

A drama in two acts was put on written and staged by the Deserpuent. This proved to be an entertaining and instructive part of the evening program. A good collection was taken up to recoup the district treasury. The district treasurer's report showed total receipts for the district year to be \$942.

Local unions reporting all spoke in optimistic terms. There are two young people's branches in the district—one at Wetaskiwin and another at Didsbury.

The Montreal Witness contest is being worked in a number of centers, both rural and urban.

Election of officers resulted as follows: Honorary president, Mrs. E. M. Sharpe, Lacombe; president, Mrs. E. C. Edwards, Innisfail; vice-president, Mrs. H. N. Huber, Didsbury; corresponding secretary, Mrs. J. L. Poole, Wetaskiwin; recording secretary, Mrs. J. McRae, Stettler; treasurer, Miss M. A. High, Red Deer.

Trade with the merchants who advertise in this paper.

## First Fortnightly Crop Report Is Optimistic As to Whole Province

Issued by Department of Agriculture, Government of Alberta, May 12, 1928. Seeding of wheat in from sixty to seventy-five per cent completed in the southern part of the province and from thirty-five to fifty per cent in central and northern sections and spring work is proceeding under ideal conditions, according to telegraphic reports received by the Department of Agriculture.

In a number of districts early sown wheat is well above the ground and a start has been made with the seeding of coarse grains. All reports indicate that the soil is in excellent condition as regards moisture. This is especially true of the central part of the province where rain and snow during the past week somewhat delayed spring work. Seeding of wheat general throughout the Peace River country with sixty to eighty per cent completed in a number of districts.

Reports from a number of districts in the province indicate that the 1928 wheat acreage will show an increase of from five to fifteen per cent over that of last year, with very little difference in the coarse grain acreage except in localities in which spring work has been unusually delayed. The wheat acreage of the province will be limited to some extent by the small amount of fall plowing done last year, but in many cases this will be more than offset by the large acreage sown in fallowed and newly broken in 1927.

Good progress is being made with the threshing of the 1927 crop which is still standing in the field in some southern districts and the quality of the grain being threshed at this time is reported to be considerably better than was anticipated.

Another week will see the completion of sugar beet seeding in the south of the province where a large acreage winter rye have come through the late being put in. Winter wheat and season very satisfactorily and in practically all cases good stands are reported.

Stocks generally in good condition and pastures are making good growth.

## SCHOOL NOTES

Athletics are in full swing on the school grounds, morning, noon and night these days. Very keen competition has been the rule in the inter-public school games in both basketball and football and the honors to date have been fairly evenly divided between opposing teams. A defeat one day acts as an incentive to better play and friendly revenge on the next occasion.

The High School girls have organized in soft ball and two games are in progress on Mondays, Wednesdays and Fridays, from 4:15 to 5 p.m. These games are worth more than the price of admission no charge made to spectators and when the heavy slugs swing into action the immediate result is wild excitement and a sudden release of energy in all quarters of the field.

The spectators (mostly boys and girls) make their contribution when some unfortunate feller "muffs" a fly or when the pitcher walks the batter. It is a fortunate game for development of brain, brawn and brawn.

We are in receipt of the schedule for Departmental Examinations. These are being held this year between Monday, June 18th and Friday, June 29th. The pupils of Grade VIII. write the last week of the month, while Grades XI. and XII. start on the 18th, X. on Tuesday and IX. on Wednesday.

In some schools in the province, and possibly in this school, it has become a custom for some students to rehearse away from school for a week or two prior to the examination period. This is a bad habit and frequently results in more harm than good. We trust this habit will not be in evidence here in the near future.

### SHORT COURSE AT UNIVERSITY FOR OFFICIALS

Edmonton, May 11.—A special short course for public school inspectors and Normal school instructors is to be held at the University of Alberta under the auspices of the department of education from June 25 to July 1. Prof. Geo. Alan Works, of the University of Chicago, has been secured for the course and instruction will also be given by some of the lecturers of the department of the summer school for teachers which will be in session from July 3 to August 3.

GOOD NEIGHBORS  
About 12 outfits gathered in the fields at the home of Axel Bergstrom, Neefing Creek, one morning recently, to plow, dig and harrow and put the ground in shape for seeding. Mr. Bergstrom has not been able to do any work since his recent accident.

### THIRD BIG FIRE IN THREE DAYS HITS EDMONTON

Edmonton, May 12.—Edmonton's third big fire in three days wiped out Trudeau's Service Garage, Brody's Ltd., wholesale clothes, Duguid's Battery Service and the Bell Machine Shop on Friday afternoon with a loss unofficially estimated at between \$50,000 and \$100,000.

Three men, Capt. Daley and firemen Carter and Kell, had a miraculous escape from death when the north wall of the garage collapsed at 5:30 p.m.

The washing of a hot truck engine with gasoline is believed to have been the cause of the spectacular fire, which spread rapidly over the oil-soaked garage floor and transformed the big two storey brick building on 103rd street into a seething mass of flames in a few minutes. So quickly did the flames spread that only two cars of the eight in the building were saved. None of the \$50,000 stock of the Brody Wholesale, which occupied the upper story of the garage, was saved.

## Town Topics

E. E. Chandler is still confined to the Wetaskiwin hospital, where he is reported to be doing nicely.

Mrs. R. Christie of Edmonton, was visiting friends in town on Wednesday while en route to Calgary by car.

R. H. Compton of Edmonton, was a weekend visitor at the home of his parents, Mr. and Mrs. C. E. Compton.

Mrs. W. J. McCall returned home on Monday from Piapot, Sask., after attending the funeral of Mr. McCall's stepfather.

The Ladies' Aid of the First United church held a very successful sale of carnations on Saturday last, as well as having a tea.

Mrs. Elizabeth Aylwin left last week for Vancouver and other places at the coast on a three months' visit with relatives and friends.

Mrs. A. L. Buehner returned on Friday last from Mayo, B.C., where she underwent a successful operation. Her many friends are glad to see her looking so well.

The brigade was called out on Monday night to a grass fire in the west part of the town. The prompt response on the part of the brigade prevented considerable damage being done.

John McNeil, who was one of the real estate agents here about fifteen years ago, but now of Calgary, was in the city on Wednesday renewing acquaintances.

The summer schedule of the C.P.R. went into effect on Sunday last. The midnight train going to Saskatoon, Winnipeg and the afternoon and evening trains coming from Calgary are affected by a few minutes.

That Wetaskiwin is very popular for Saturday evening gatherings, was again evidenced on Saturday last, when the largest number of automobiles ever seen in this city were assembled. They were parked in all directions for blocks from the business section.

The weather has been quite hot during the past few days and the trees are coming into leaf and the general growth has been rapid. The early sown wheat is showing green in the fields, and the sowing of coarse grains will soon be completed. The crop has been put in under very favorable conditions.

Mr. and Mrs. J. C. Davidson and family left on Tuesday for Vegreville, where he has been promoted to the position of accountant of the Canadian Bank of Commerce. During their sojourn in Wetaskiwin Mr. and Mrs. Davidson made a host of friends, who regret their departure, but at the same time join in extending congratulations to Mr. Davidson on his well-merited promotion.

One of the latest telephone calls ever put through from Wetaskiwin took place on Sunday last when H. R. French held a conversation with his mother, who is living at Cookshire, Quebec—about 150 miles east of Montreal. Mr. French says he heard his mother's voice quite distinctly, as well as other relatives who spoke to him. Some months ago other long calls from here were made to California and North Dakota.

### ELECTION WILL BE HELD TO FILL VACANCY

Nominations were held on Tuesday forenoon last to fill the vacancy caused by the resignation of Alderman Marshall, when William Gibson and Scott H. Parham were placed in nomination. The election will take place on Tuesday next, voting to take place at the council chamber.

Professor: "Did you ever do anything on time?" Student: "Well, I bought my saxophone this way, sir."

Vicar of Immanuel Church Deals With "The Man of Tomorrow"—How Many Men Are Taking an Interest in the Life of the Youth, He Queries—Carnival Representatives Selected

### DR. SEAGER WHEELER DEVELOPS NEW WHEAT WHICH COMBATS RUST

Saskatoon, Sask., May 11.—"I believe that I have found a wheat which, when further developed, will be greatly rust resistant," said Dr. Seager Wheeler, wheat wizard, in a recent interview.

Dr. Wheeler explained that, although he was quite sure that the new type which he developed from the Kota strain would protect crops in this province from rust damage, he did not think this wheat would be absolutely free from rust under all conditions. His experiments had indicated, however, that even under the worst conditions, such as were experienced in 1927, this wheat would never be materially damaged by the little rust that might appear on it during the periods of its growth and development.

He is continuing his experiments, and believes that, by careful selection and observation, he will soon be able to give the world a wheat which would be so little affected by rust that the damage could be discounted.

### MAIN HIGHWAY THROUGH TOWNS TO BE IMPROVED

Edmonton, May 9.—Additional pieces of missing-link roadwork will be done this summer on the Edmonton-to-Calgary highway, as part of the scheme by which the government and the towns jointly pay for improving such sections of the highway as pass through the urban centres along the route. Leduc town council is now calling for tenders for so rebuilding its piece of the north and south highway, and Ponoka is preparing to do likewise. Wetaskiwin is considering the matter.

Four towns took advantage last year of the government's offer to pay one-half of the cost of improving the road within the town limits. These were Lacombe, Blackfalds, Didsbury and Red Deer. Several other towns are not directly interested, for in the cases of Innisfail and Carstairs the present road is said to be in good condition, and at Alvirde, Olds and Bowden the route lies just outside of the town limits. At Crossfield a new route is being opened up that will similarly be outside of the town and therefore entirely a government responsibility.

The decision for or against the government's fifty-fifty offer is left in each case to the town concerned, and it is not proposed to bring any pressure to bear upon the towns still out of the scheme to come into it.

In the first three months of this year 448 new telephone stations were opened in the Province of Alberta. The phone system in Alberta is operated by the Provincial Government.

## Big Appropriation Made for Public Works in Mun. District of Bigstone

The Council meeting of the M.D. of Bigstone 459 was held on May 7th at Lone Ridge, with J. L. G. Ratray, Reeve; Councillors C. J. Hanson, R. H. Ratray, John Hanson, Krause, Arnold and Heilmann present.

The minutes of the former meeting were read and adopted.

Motion by Coun. John Hanson that the following be the appropriation for public works in the several divisions: Div. 1, \$3116; Div. 2, \$1421; Div. 3, \$3140; Div. 4, \$494; Div. 5, \$3676; Div. 6, \$3140. Motion carried.

A representative of the Canada Ingot Iron Co. addressed the meeting in regard to their line of road-making machinery.

Mr. Gustafson interviewed the Council in regard to amount owing by him by way of relief and offered to pay \$300 by the end of the year. Motion by Coun. John Hanson that this offer be accepted on condition that the \$100 be paid by December 1st, 1928. Carried.

Motion by Coun. Ratray that Secretary-Treasurer be authorized to dispose of the remaining tax sale lands to the best offer which he receives. Carried.

Letter from the Dept. of the Attorney-General saying that a Mother's Allowance of \$20 per month had been authorized to Mrs. T. Smith. By-law No. 34, a by-law for the purpose of expropriating land for road purposes in the S.E. 14-46-27-4th, was read three times and finally passed on the motion of Coun. John Hanson.

Those who attended the Kiwanis luncheon on Tuesday evening enjoyed an excellent address delivered by Rev. P. C. Wade, who took as his subject "The Man of Tomorrow." Children should be kept busy all the time, and their activities both at play and work should be led by those who will direct and inspire them to good citizenship. Boys love to be banded together or organized, where they enjoy the "gang spirit," and this will largely guide and control the life of the boy. Which crowd will your boy be running with—the one with wise leadership, or the one which has not the highest ideals? Dads and mothers, are often to blame if they have lost control of their boys, by being too busy working for lodges, or the churches, or are away playing golf, and cannot be bothered answering the questions asked by the children. A large percentage of the boys and girls who have gone wrong were lost because of home conditions.

Nearly per cent of the boys in Wetaskiwin between the ages of 17 and 29 spend most of their time in the pool rooms and restaurants. These are both necessary things, but as a rule they are not the place where the boys will attain the high ideals which will make them good Canadian citizens. In cities men are spending money in meeting, golfing, etc., but how many men are taking an interest in the life of the youth? Let us see that the men of tomorrow are prepared to receive the rich inheritance which is their just due.

The report of the carnival committee was adopted, and Kiwanians H. R. French, R. J. Grant and R. M. Snyder were appointed as committee to confer with representatives from the Elks and Athletic Association to "Put the Carnival over."

### VANCOUVER BUSINESS MEN VISIT WETASKIWIN

Messrs. Ford and Macfadyen of Vancouver, B.C., representing the Vancouver Investment Company of that city, are visiting our town for the first time and are tremendously impressed with the prosperous conditions existing in this district.

Mr. Ford is manager of the Vancouver Investment Co. and Mr. Macfadyen has recently sold his business in the Gulf Islands to join the firm. They have appointed Johnson Agencies their agents for this district and are offering for the next few days a limited amount of Vancouver property at remarkably low prices.

The Board of the United Church of Canada is carrying on negotiations with other communions which are making overtures with a view to union with the United Church. Several denominations are seeking to be admitted.

## Big Appropriation Made for Public Works in Mun. District of Bigstone

Motion by Coun. Krause that the Municipality hire a 60 horsepower tractor with the option of purchase, from the Union Tractor and Harvester Co. Calgary. Carried.

Motion by Coun. Ratray that T. S. Steadman be appointed Secretary-Treasurer of the Municipality in place of E. N. Ratray, resigned, duties to commence on Sept. 7th, 1928. Carried. Bills and paychecks passed on the motion of Coun. Krause. Meeting adjourned.

### TWO LOCAL BANDS ENTER CONTEST AT EXHIBITION

The following entries have been received up to date, in the contest which will be held at the Edmonton Exhibition, July 16-21, for Amateur Bands in Alberta north of and including Red Deer. Edmonton bands excluded: Coronation Concert Band, Halkirk Band, Camrose Citizens' Band, Beth Band, Leduc Colliers' Band, Wetaskiwin Boys' Band.

The music for the test number, "Lullaby," is now in the hands of the various bandmasters, having arrived from England this week. Flight Lieutenant J. Amore, Director of Music for the Royal Air Force of Great Britain, who will be at the Edmonton Exhibition in connection with the engagement of H.M. Royal Air Force Band, has accepted an invitation to act as adjudicator in this Band Contest.

# VANCOUVER

## Canada's Western Gateway

**JOHNSON AGENCIES, Real Estate, Wetaskiwin,** offer Beautiful Homesites for the next few days at **Bargain Prices.**

**AS A SPECIAL INTRODUCTORY** offer Johnson's Agencies have just been allotted for the District of Wetaskiwin exactly One Hundred Homesites which will be sold for \$100 each on the easy payment plan ---or \$95 cash.

**MAGNIFICENT VIEW PROPERTY**—commanding the harbor, the sea, the mountains — twenty minutes' drive from the heart of the city.

**JUST THINK OF IT! A Homesite near the sea for only \$100!! What will it be worth in the near future?**

**YOUR HERITAGE!** Vancouver's YOUR great port—it's linked with the prairie provinces by unbreakable bonds.

**VANCOUVER'S GROWING WATERFRONT.**—Nothing is more indicative of the volume of sea-borne commerce which originates along Canada's western coast than the developments which have taken place in the Port of Vancouver. To-day this British Columbia city is rapidly winning its way into the front ranks of the ports of the world. Ships from the seven seas now call at Vancouver, in addition to a growing coastal service.—*Toronto "Saturday Night."*

**HARBOUR FACILITIES.** — The opening of the B.C. pier which is the largest and most modern pier in the world, proves that the Canadian Pacific Railway Company has faith in the future and the foresight which goes with faith. The increase in elevator capacity is another indication of the trend of trade.

Vancouver is now adequately equipped with a dry-dock and this dock, together with the one at Esquimalt, provides a facility which attracts business to B.C. ports.—*"Lions Gate Gazette," January 2, 1928.*

**NO INVESTMENT ON EARTH IS SO SAFE,** so sure, so certain to enrich its owner, as undeveloped real estate. I always advise my friends to place their savings in real estate near some growing city, there is no such savings bank anywhere.—*John D. Rockefeller.*

### Fourteen Reasons why you'll make Big Money buying Homesites from the Vancouver Investment Company:

1. Greater Vancouver is the most promising City on the North American Continent.
2. A world seaport—the largest cities of the world are built around harbours that accommodate the sea-going carriers of the nations.
3. Roger W. Babson said before the Board of Trade in Ottawa last June, "Your children will live to see the day when Vancouver will be the largest city on the Pacific."
4. The population of Greater Vancouver to-day is 320,000; what will it be in ten years? Population increases, price on real estate increases.
5. Ten years ago there were 40,000 telephones in Vancouver, today there are 100,000. At this rate another ten years will mean 250,000.
6. Four transcontinental railways now running into Vancouver.
7. The port of Vancouver is served by seventy-one direct steamship lines coming from every country in the world.
8. 19,750 coastwise steamers entered the harbour in 1927.
9. As the population of the Western Prairies increase, Vancouver, with its mild climate and diversified attractions will be the natural playground for its people.
10. Thousands of Canadian people have made themselves independent by investing in the Pacific seaport cities of San Francisco and Los Angeles; now it's Vancouver's innings.
11. Everything points to an early railway connection from North Vancouver to the Peace River country.
12. The port of Vancouver in 1927 beat all former records with 1126 deep-sea vessels entering the harbour. In one day, December 27th, 1927, there were forty-four ships in our harbour.
13. There are now six grain elevators and two more being built.
14. Vancouver—A manufacturing city. Total annual production, latest figures available, \$218,775,835.

**HARBOUR DEVELOPMENT.** — The proposed new area, 947 acres, would be on the North Shore, providing seven miles of wharfage for ocean-going traffic. A total of 185 acres would be created on the south shore, providing nearly four miles of deep-sea berths.

The scheme suggests the position of eighteen piers, twelve of which would be on the North Shore. The piers would have an average length of 1,000 feet.

Cost of pier and quayage construction on the North Shore would be one-third of that involved in South Shore development, it is estimated, because reclamation work there is more practicable. The steep inclination of the South Side renders development more costly.—*Vancouver "Province," Oct. 23, 1927.*

**REAL ESTATE—SOUND AS OAK GROWTH.**—You are taking no chances as far as your investment is concerned when you place your savings and part of your earnings in Greater Vancouver Real Estate.

For real estate was and is the basis of all security; property values here in this city are sound; and whether buying for a home or as an investment you'll find no better way to secure future contentment and happiness for your family and yourself.—As quoted in the *Vancouver Daily Province*, January 6th, 1928.

**EVERY PERSON WHO INVESTS IN WEL-SELECTED REAL ESTATE** in a growing section of a prosperous community, adopts the surest and safest method of becoming independent, for real estate is the basis of all wealth.—*Andrew Carnegie.*

### YOUR OPPORTUNITY!!

*A Homesite on the North Shore of Greater Vancouver*

A panorama of beauty overlooking the harbour of Vancouver. Ideal climate, where the tang of the sea fills your lungs and gives you a new lease on life.

With the rapid increase of population flowing into Canada's Great Western Seaport an opportunity now knocks at your door, where in a comparatively few short years higher prices will prohibit you from participating in this Golden Opportunity. We strongly advise buying Real Estate somewhere in Greater Vancouver. We feel our Homesites have all the earmarks that will guarantee big profit combined with safety, but we say, "Buy Somewhere in Greater Vancouver."

paratively few short years higher prices will prohibit you from participating in this Golden Opportunity. We strongly advise buying Real Estate somewhere in Greater Vancouver. We feel our Homesites have all the earmarks that will guarantee big profit combined with safety, but we say, "Buy Somewhere in Greater Vancouver."

**We also offer twenty-five acre Blocks of Timbered Land---30 minutes drive from business centre--- This property also overlooks the harbor and will make Wonderful Homesites: Price \$300.00 per acre. The Timber alone will be worth the money!**

THIS PROPERTY is owned by The Vancouver Investment Company of Vancouver and Messrs. Ford and Macfadyen, members of this Company, will be at Mr. Johnson's office for the next few days and will be pleased to give particulars in detail. Don't delay calling at our office immediately—your own judgment will tell you that these prices will not be available again.

## Our Ottawa Letter

(By Wm. Irvine, M.P.)

The week just closed proved to be the most lively so far this session. So vigorous was the opposition on certain matters that comparatively little business was done, and it now appears that the session will in all probability be extended to June.

The Naturalization Act amendment occupied several sittings and has not yet passed the Committee of the whole. The point at issue in this connection has to do with who shall be

the authority to decide the fitness of an applicant for naturalization. At the present time it is the practice for all applicants to appear before a judge who, after making enquiry sufficient to meet the requirements of the act, recommends to the Secretary of State that so and so is or is not qualified for citizenship. According to the contention of the government there is much dissatisfaction with the act as it presents. It is said that people who

## Powerful, Penetrating Antiseptic Oil Heals Eczema and Other Skin Diseases

Must Give Results in 7 Days or Money Back

Make up your mind today that you are going to give your skin a real chance to get well.

Like a lot of other people, you've probably been convinced that the only thing to use was an ointment or salve (some of them are very good) but in the big majority of cases these sticky salves simply clog the pores and the condition primarily remains the same.

Go to any good druggist today and get an original bottle of Moore's

Emerald Oil.

The very first application will give you relief and a few short treatments will thoroughly convince you that by sticking faithfully to it for a short while your skin troubles will be a thing of the past.

Remember that Moore's Emerald Oil is a clean, powerful, penetrating Antiseptic Oil that does not stain or leave a greasy residue and that it must give complete satisfaction or your money cheerfully refunded.

might otherwise become citizens refuse the inconvenience of travelling long distances to certain points where the court sits.

The amendment proposed by the Secretary of State would take to himself the power now in the hands of Judges. It would be for the Secretary of State to decide in his office at Ottawa to say whether or not Snodgrass, living somewhere in the Peace River district, perhaps 80 miles from a railroad, was fit to qualify for Canadian citizenship, under the act. This gave rise to Mr. Bennett insisting on knowing how the Secretary of State was to obtain the facts in the light of which he would satisfy himself as to the fitness or otherwise of an applicant for a naturalization certificate. The Minister answered that he proposed to use the Mounted Police for that purpose.

Both the official Opposition and most of the members of the other groups to the Speaker's left think they see in the proposed amendment a very effective weapon which might be used by the party in power in its own interests. Prior to an election, for instance, thousands of aliens might be granted naturalization and the right to vote. This highest gift of the state might under such circumstances be given irrespective of the qualifications of citizenship as set forth in the Naturalization Act. The promise to vote for the government of the day might suffice as the only qualification which in practice would be required.

On the other hand it is thought that if the proposed amendment passes, the party in power might refuse to grant naturalization prior to an election to all applicants suspected of fraternizing with the other party. It is general knowledge that such practices on the part of both Conservatives and Liberals was not uncommon prior to the act as it now stands.

It is felt by many members of parliament that the Naturalization Act as at present in force is working very well. The Judges have given satisfaction in the capacity prescribed for them in the act. There are three questions which one naturally asks one's self in this connection. Is the act being amended for the purpose of safeguarding the nation from a lowered standard of citizenship; is it being amended to protect the immigrant citizen from any unfair imposition; or is it being amended for political reasons? Since no serious objection has been raised against the act now in operation, the general opinion of the Opposition appears to be that the proposal to allow the Mounted Police and the Secretary of State to do the work now done by the Judges is political in its character. The discussion on this point still goes on and it appears that the government will either have to force the amendment through on a party vote or alter it in accordance with the expressed wishes of the Opposition.

We have had a few hours to deal with the estimates. Public Works came first, but very few items were passed. The votes for the furnishing of the citadel at Quebec and for Rideau Hall as residences for His Excellency, the Governor General, were particularly contentious. The vote

## Had Kidney Trouble Back Got So Bad Could Not Bend

Mrs. A. Jube, Angle Lake, Alta., writes:—"For two years I was so troubled with my kidneys I could not do my housework."

"I could not sleep at night, and my back got so bad I could not bend."

"A friend came to visit me one day and I told her of my trouble, and she advised me to take Doan's Kidney Pills."

"After using three boxes I got complete relief from my trouble."

"I advise everyone who is in the same position as I was to use"

Price 60c. a box at all dealers, or mailed direct on receipt of price by The T. M. L. Co., Limited, Toronto, Ont.

## Royal Yeast Cakes

STANDARD OF QUALITY FOR OVER 50 YEARS

MAKE BETTER HOME MADE BREAD

for the citadel last year was \$100,000, and for this year \$150,000, while the vote for Rideau Hall for this year was \$129,000. These sums are to be expended in furnishings and improvements, etc.

The general criticism of these expenditures was that it was extravagant, that Canada cannot afford to maintain two Royal residences, especially since the citadel at Quebec is used only for two weeks in the year, and also that there are more needy causes for which these amounts should more properly be spent.

It may be of interest to compare the votes for social legislation with the large amounts to be expended on Royal residences:

For the Astronomical Society, \$2,000; for Victorian Order of Nurses, \$10,000; for the Blind, \$10,000; for Child Welfare, \$5,000; for Social Hygiene, \$10,000; for fighting Tuberculosis, \$25,000; for mental hygiene, \$10,000; for suppression of White Slavery, \$1,500. Taking all these together they amount to \$75,500, while the vote for silverware, china, etc., for our two Royal palaces amounts to \$279,000 for the current year, not mentioning other expenditure necessary in connection therewith.

In defence of the citadel vote of \$150,000 the government argued that the citadel was of great historic significance and should be kept in proper repair. Rugs and carpets and china, etc., were evidently included in the repair. Further, it was stated that the citadel had cost to date some \$44,000, and hence should be sustained at any cost.

The Opposition strenuously objected to the amount, required to conserve the building in its historical sense, but moved that the vote be cut by \$70,000.

The Prime Minister made a plea for the passing of the item and unfortunately mentioned the expressed desire of His Excellency in respect to living part of the year in the citadel. Mr. Bennett was quick to rise to a point of order. He charged that the Prime Minister was using His Excellency to influence the vote and declared that his party would vote for the amendment as a protest against such tactics. The Prime Minister denied this, but the Leader of the Opposition did his best to fasten the item on a close vote, as they did also the vote for Rideau Hall, against which the Conservatives had another motion to reduce. The United Farmers and Labor Groups supported the Opposition in their efforts to reduce these expenditures and moved other motions for reduction which were also defeated.

"Can you dress me up to look like a German or a Spaniard or even a Hottentot?" asked the nervous man, who had dropped into the costumer's shop.

"What's the idea—do you want a costume for a fancy dress ball or what?" asked the puzzled shopkeeper.

"No," replied the man, "I am an Englishman and I have to go to Chicago on business."

## ANNUAL ADDRESS TO C.P.R. SHAREHOLDERS

At a meeting of the directors of the Canadian Pacific Railway held at Montreal, a dividend of 2½ per cent on the common stock for the quarter ended March 31, last, was declared from railway revenues and special income, payable June 30 next to shareholders of record on June 1 next.

"The results of the year's operations accurately reflect the conditions which prevailed during that period, and viewed from the standpoint of a sufficient margin in net earnings after charges and dividends, they cannot be considered entirely satisfactory," E. W. Beatty, chairman and president of the Canadian Pacific Railway, said in addressing the annual meeting of the Company's shareholders.

"The decrease in rates and increase in wages granted had their inevitable effect upon the earnings of your Company, and in addition expenditures on equipment and maintenance of way were substantial," Mr. Beatty continued. The gross earnings for the first three months of this year increased \$2,364,778, and net earnings \$1,651,672. If the same relative increase is maintained during the rest of the year, the surplus after charges will be ample to take care of the increased dividend requirements for the year.

On the subject of possible crop yields, Mr. Beatty said that while it was impossible to forecast at this time, the prospects were distinctly favorable. The seed bed was considered to be in better condition than last year. The area of new land broken this year totalled 1,385,437 acres, an increase of 257,701 over last year. The sales of farm lands for the first three months had been almost double those of the same period last year.

Mr. Beatty stated that the net earnings of the Company in the past year only represented a return on the investment of 4.04 per cent, and the percentage of surplus from railway earnings to the amount invested in the property of 14-100 of one per cent.

"The rates on grain were again substantially reduced last year. These losses and the effect of the increased wage scales can only be met in one of two ways, either by increased gross earnings due to the increase in freight, or by increase in freight rates. Naturally, we hope to have the former still supply the deficiency, but if it fails to do so, your directors should not hesitate to appeal to the commission of railways for the necessary relief. They have good grounds for doing so even under present conditions when the disparity between the rates in Canada and those charged for similar services in the United States is taken into consideration."

The Company will contract for one new ocean liner for the Atlantic and one new liner for the Pacific route. Mr. Beatty stated that the Canadian Pacific had no direct interest in the International Nickel Company.

As an optimist I claim to be able to make light of everything except certain brands of safety matches.

**WRIGLEY'S**  
The cool, comforting flavor of WRIGLEY'S Spearmint is a lasting pleasure.

"It cleanses the mouth after eating—gives a clean taste and sweet breath."

## THE WHEAT POOL BRINGS ABOUT A NEW CONDITION OF AFFAIRS

Western  
Canada's  
1927  
Wheat Crop  
Government  
Estimate  
415,000,000.  
Delivered  
to Market  
370,000,000.  
Balance  
Yet to be  
Delivered  
By Farmer  
20,000,000.

Over eight months have passed since the commencement of the crop year on September 1, 1927, and ninety per cent. of the crop has been delivered. The great bulk of non-Pool wheat has left the growers' hands.

Except for those who have not had their grain threshed owing to weather conditions, and the few who held their grain since last harvest, the non-Pool farmers have little concern in the present higher prices for wheat. The "Average closing prices" over on the lips of the Grain Trade should really be figured during the time the bulk is going on the market. That is, from September to April. With very little wheat in non-Pool farmers' hands how can they be benefited by high prices from now on?

Wheat Pool members, on the other hand, have a vital interest in present prices. They have seen their Pool start the crop year under a burden of tremendous wheat supplies, and a handicap of a cloud of "bearish" news. Last fall grain poured in rivers into Winnipeg, and Vancouver's facilities were taxed to the limit. Argentine had raised a tremendous crop. Europe's production was up by millions of bushels. The United States' wheat crop was heavy and altogether things did not look any too rosy.

The Canadian Pool had a difficult task on hand and Pool members may have a good excuse for a feeling of elation at the successful manner in which a grave situation was handled by the organization they had created. Pool members are now in a position to participate to an appreciable extent in the rising market prices.

If there was no Wheat Pool in Western Canada what would the situation have been? The bulk of the wheat would be out of the farmers' hands and in the hands of market intermediaries who would reap a very rich profit indeed. The Wheat Pool has changed this situation in a decided fashion. Now Pool members can sit back unworried and feel assured they will get the best year's average price for the product of their labors.

NO ONE IS GOING TO EXTRACT EXTRA-VAGANT PROFITS FROM POOL WHEAT.

Farmers should realize that only by the Power of Control of Volume has the Wheat Pool been able to function efficiently. This volume is assured by Signed Contracts.

Join your brother Pool members in this vital undertaking.

Priced **1.00 to 1.65**

## SPECIAL! MEN'S HOSE 32c a pair

—Fine quality lisle Hose in fancy checks and several shades.

## W. C. T. U.

Part of a poem written by the late Mr. Donald, Presbyterian minister, in New Brunswick:

Prov. 23: 31, 32

Look not upon the ruby wine  
While sparkling in the cup;  
It moves in artful blandishments  
And stirs your longing up.

That little cup of harmless look  
Contains a world of ill;  
With promises of life and joy,  
It may design to kill.

Beneath a surface fair and bland  
Deep seas of sorrow roll,  
Engulfing in their fearful surge  
The body and the soul.

Do you admire the serpent's coils  
And colors shining bright?  
His brilliant eye and knowing look  
Suppress your fond delight.

Remember, he is man's deadly foe,  
Trust not the accursed thing;  
It has the will and power to bite,  
The will and power to sting.

So play not with the social glass,  
E'en though it pleasure bring,  
Alas, it like a serpent bites  
And like an adder sting.

Ne'er venture on the first small glass,  
Lest thou shouldst tarry long;  
Or restless still in eager search  
Of something still more strong.

Be wise in time, look out ahead,  
For breakers may be near;  
The wreck of conscience, health and wealth,  
Sin, death and woe I wean.

How awful is the drunkard's case,  
How obstinate his will,  
He feels his wretchedness,  
Yet clings to his destroyer still.

Lo! o'er the burning lake he sleeps  
On yard of rotten mast,  
While blackening cloud and storm  
Proclaim,  
His day of grace is past.

So play not with the social glass,  
E'en though it pleasure bring;  
At last it like a serpent bite  
And like an adder sting.

To Jesus come, to Jesus cling;  
And prove how fond His love,  
Who saves from sin and sorrow here,  
Gives endless life above.

Even yet we sometimes hear the  
Scripture quoted in support of the  
moderate use of alcohol in a way  
which may at a glance look plausible.  
But to those who have studied the  
question, as in all else in the teach-  
ing of Christ, there is no inconsistency.  
Scholars tell us there are several  
words in the original language trans-  
lated wine. The three principal are:

"Yayin," which denotes the fruit of  
the vine in any state, including the  
grape in cluster, fresh juice, or in-  
toxicating wine; "Tirosh" is always  
either sweet, unfermented grape-juice  
or more properly the grape itself, in  
the cluster, never intoxicating wine;

"Shakar," like "Yayan," may refer to  
either fermented or unfermented  
liquids.

When the word Yayan or Shakar is  
used, the exact meaning may be de-  
termined by the context.

Scholars say at the wedding feast  
the word Yayan is used, meaning  
grape juice in any state, even in the  
cluster. Therefore, there is no neces-  
sity for deciding that it was alcoholic  
wine, which is elsewhere described in  
the Bible as "the poison of dragons  
and the cruel venom of asps," upon  
which men are told not even to look.

Dr. M. S. Isaacs, an eminent Jewish  
Rabbi, writing in reference to their  
customs at their religious festivals,  
repeatedly and emphatically says "The  
Jews do not, in their feasts for sacred  
purposes, including the marriage  
feast, ever use any kind of fermented  
drinks. In the Holy Land the best  
wines are preserved sweet and un-  
fermented. In their obligations and li-  
tations, both private and public, they  
employ the fruit of the vine, that is,  
fresh grapes, unfermented grape juice  
and raisins as the symbol of benedic-  
tion. Fermentation is to them always  
a symbol of corruption, as in nature  
and science it is itself decay and rot-  
tleness."

True, Jesus came eating and drink-  
ing, thus setting us an example. He  
may have drunk water. The contrast  
would be between John the ascetic and  
solitary, and Jesus, who mingled  
in social life, eating and drinking of  
all harmless food and liquids among  
the people whom he met. Scholars  
tell us that in every instance where  
the word Tirosh is used in the original,  
the wine is approved of, as "Wine  
which cheereth God and man," Judges  
9:13. Where wine is denounced, the  
word Tirosh is never used. The sum  
of the matter is two kinds of wine  
and different words, inexact trans-  
lated into English.

### WILD PARSNIPS TAKE LIFE OF EGREMONT MAN

Egremont, Alta., May 14.—John  
Ivanovich is dead as the result of eat-  
ing wild parsnips. While working on  
his farm with his daughter last week  
he picked up a wild parsnip and bit  
into it about four times. He was  
taken violently ill and died about an  
hour later. The doctor was sum-  
moned from Redway Centre but it  
was too late.

### NEW KIND OF SPECTACLES

1,000 Pairs to be Given Free  
Toronto, Ont.—A new clear-vision  
spectacle has been created, which is  
guaranteed unbreakable, cannot turn  
ish and is a great improvement over  
all other makes, as they will enable  
almost anyone to read the smallest  
and see far or near. It is now taking the  
country by storm.

The manufacturers, Consumers'  
Spectacle Company, 25-27 Molind St.,  
Dept. N W 623, Toronto, Ont., are of-  
fering to send a pair on sixty days'  
trial. If you are not satisfied and de-  
sired, if you do not think their spec-  
tacles at only \$3.98 equal to those sold  
at \$15.00, send them back. You won't  
lose a cent. They will also tell you  
how to get a pair for yourself without  
cost. Write them today.

### GEO. P. SMITH APPOINTED TO THE HARBOR BOARD

Press reports from Eastern Canada  
state that Hon. Geo. P. Smith, former  
member for the Camrose constituency  
in the provincial government and  
formerly minister of education in the  
Liberal government of the province,  
has been appointed to the Hamilton  
Harbor Board by the federal govern-  
ment to succeed W. B. Sheppard,  
whose term had expired some time  
ago. Mr. Smith is president of the  
Canadian Specialty Co., and was formerly  
with the F. F. Dalley Company.  
He resides at Dundas, Ont.

### CANADIAN CURRENCY MAY BE ACCEPTED EVERYWHERE IN U.S.

Ottawa, May 10.—The Journal in  
an editorial Wednesday says:  
"Due to a letter addressed by A. H.  
Jarvis of Ottawa to the United States  
Congress, general steps have been  
taken by the State Department at  
Washington which may result in the  
future acceptance of Canadian cur-  
rency at all centres across the line."

"Hesitation on this score on the part  
of Americans in many districts has  
long been a source of inconvenience  
and annoyance to Canadian visitors to  
the United States. Although we are  
Uncle Sam's best customer, and de-  
spite that the American dollar is ac-  
cepted without question over here,  
there are many places and business  
houses and hotels across the border  
where the Canadian dollar is no more  
respected than if it were the paper of  
Soviet Russia."

### C.P. PAYS OVER PURCHASE PRICE OF L. & N. W. RY.

Edmonton, May 10.—A check for  
\$15,032.59 was turned over to the  
provincial treasurer at a quiet func-  
tion Thursday, in Premier Brownlee's  
office, thereby closing another chapter  
in the history of Alberta.

Milk; 10 in. Cross Plow; Three Sec-  
tion Lever Harrow; Deering 5 ft.  
Mower; Massey-Harris 10 ft. Hay  
Rake; 20 Shes Massey Harris Seed  
Drill.

TERMS CASH  
GEO. L. OWEN, Auctioneer.

### by the Canadian Pacific Railway of the purchase price of the Lacombe and Northwestern Railway and in re- turn, therefore full possession, right and title of the latter property, with all securities and capital stock of the L. and N.W. company were delivered to the representatives of the C.P.R.

The government from this date  
ceases to have any connection what-  
soever with the railway in question.

### CALGARY TO BE BASE FOR AIRPLANE CO.

Backed by many of Calgary's prom-  
inent citizens, managed by Capt. F. R.  
McCall, D.S.O., M.C., D.F.C., and  
known as the Great West Airways  
Limited, the first commercial flying  
company on the prairies west of Win-  
nipeg, is expected to be in operation  
within one month, with Calgary as  
its base, it was announced Wednes-  
day.

By that time present plans call for  
at least one, perhaps two, of the pro-  
posed planes being in the province for  
commercial purposes, even though the  
difficulty at the moment is to get de-  
livery from the manufacturing plants,  
so great is the demand.

### PIONEER SETTLER OF LEUDUC DIED SUNDAY

Death came very suddenly on Sun-  
day to Mrs. T. R. Glanville, who for  
nearly thirty years had been a resident

No Goods to be removed until set-  
tled for.

JAS. CADEK, Auctioneer.  
JOHN HEGAN,  
Owner.

of Leuduc and most highly respected  
by a wide circle of friends. While she  
had not been in the best of health for  
some time, she was around as usual on  
Sunday morning and the announce-  
ment of her death was a severe shock  
to the community.—Representative.

### THE ROAD TO HEALTH IS PAVED WITH GOOD INTENTION

Almost everybody thinks that the  
other man has the easier and the bet-  
ter job. There is a general tendency  
to ascribe success to luck. In the  
same way, many communities excuse  
their failure to secure health for their  
constituents because of some local dif-  
ficulties, and, at the same time at-  
tribute the success of other commu-  
nities to "just luck."

It is true that every place has its  
own problems and difficulties. It is  
equally true that the healthy commu-  
nity has succeeded, not because of luck,  
but because its members did what was  
necessary to overcome their local dif-  
ficulties.

Throughout Canada you will find a  
great variation as to health conditions  
between places that may be fairly  
compared with each other. There is,

of course, a reason for this. This  
reason is not hard to find; it is a  
simple one. Where the best health  
work has been done, there health con-  
ditions are best, and so on, down the  
scale, the health of the community  
corresponds to the health work done  
by the community.

Every citizen should enquire as to  
the health standing of his home town  
or county, and out how it compares  
with others, ask these questions of the  
local or provincial health departments.  
Every citizen should then ask himself  
whether or not he and his fellow  
citizens are providing the money and  
other support necessary to enable the  
health department to pave the health  
road of the community with sound  
preventive measures, so that the citi-  
zens may travel along in happiness,  
free from the bumps of disease, the  
ruts of ill-health, the sudden, un-  
guarded crossings of epidemics and the  
unprotected precipices of prevent-  
able fatal illnesses.

Questions concerning Health, ad-  
dressed to the Canadian Medical As-  
sociation, 184 College Street, Toronto,  
will be answered by letter. Questions  
as to diagnosis and treatment will not  
be answered.

Use The Times' Want Ads. when  
you wish to buy or sell articles.

### TO THE ELECTORS OF WETASKIWIN

Ladies and Gentlemen.—  
Having been nominated as a candi-  
date in the bye-election to fill the  
vacancy on the Council board, created  
by the resignation of Ald. Marshall, I  
take this opportunity of cordially so-  
liciting your vote and influence in my  
behalf, at the election to be held on  
Tuesday next.

If elected, I promise to do all in my  
power to further the best interests of  
Wetaskiwin at all times.

Yours truly,  
WM. GIBSON.

## LOYAL ORDER OF MOOSE

No. 1559, Wetaskiwin

Will meet every  
Second and Fourth  
Thursday of the month  
in the U.F.A. Hall.

All visiting Moose are cordially  
invited.  
J. OLSTAD, Secretary.

The Bank has over 600 Offices in Canada, Newfoundland, United States, Mexico; at London, England, and at Paris, France, with Correspondents in all Countries, offering exceptional facilities in all departments of General and Foreign Banking.

The Bank of Montreal holds an interest in Barclays Bank (Dominion, Colonial and Overseas), and by reason of this association is able to offer its clients close competitive rates and complete banking service for business with the West Indies, among the important advantages offered being facilities for obtaining accurate local information.

## SPORTS

CLERKS VS. KIWANIS, CREAMERY  
 VS. HIGH A, SOFT BALL  
 TONIGHT

The Elks had the Bankers on the run Monday evening in their softball league fixture for the greater part of the way, but slumped in the closing chapters and the money grabbers annexed a narrow victory, while the High Bees stung the Moose in a contest that was full of thrills. Tonight the ribbon slashers and grocery dispensers, etc., travelling in Clerks' unies, will tangle with the Kiwanis Klan, while the Senior Highbrows will endeavor to whang the whey out of the Curdiers.

Large crowds are taking in these games. The players are getting a great kick out of it and for the on-lookers there's as much fun as a three-ring circus.

## CAMROSE FORMS FISH AND GAME ASSOCIATION

Frank L. Farley, president of the newly organized Camrose Fish and Game Association, was not only instrumental in the forming of the local in town, but he has taken steps to encourage the organizing of a local in Stettler, where he had occasion to address a rally of fathers and sons. He stressed the need of fish and game associations and a tangible result was that arrangements are being made for a meeting at which organization of a local will be proposed.

Frank L. Farley, the well-known ornithologist, was elected president of the new association at Camrose. Dr. W. Craig is vice-president and J. R. Tuck is secretary-treasurer. The executive is as follows: Mayor John Douglas, Elsworth Simmons and Fred Brandt.

Good addresses were heard from both Edmontonians, who came down for the organization, and the Camrose men. President Farley, who has recently returned from Mexico, said that ducks and other wild fowl were being slaughtered there in countless numbers. Along the Pacific slope, on his return, he saw large flocks of crows and American farmers told him the U.S. biological survey had practically thrown up its hands in the fight with the crows to save the water-melon farms along the coast. One of the first things done by the new league will be a drive against crows.

Dr. Nicholls said on his return that every little slough appeared to have a pair of ducks in it, although he saw five crows or magpies to every duck.

## GOLF NOTES

There will be no scheduled games this week-end, but on Thursday, May 24th, the President's team will play the Vice-President's Match play (hole and hole) on handicap basis. Men play 18 holes, ladies, 9 holes.

Members are requested to get in touch with their opponents and arrange time for playing game which must be finished by 4 p.m. on May 24. Score cards will be provided with ground rules, etc., printed thereon. These must be turned in to Match Committee. Any lady or gentleman whose name is drawn and who cannot play on May 24th, is requested to notify Mr. Frost of Mr. Godfrey Baker. The losers will pay for ice cream for winners, which will be served at Club House that afternoon. If any member's name is omitted from list notify Match Committee.

## BATTLE RIVER BASEBALL LEAGUE

The following is the schedule for the Battle River League for this season:

Wetaskiwin—At Bashaw, May 22, July 9, Aug. 6. At New Norway, June 7, June 24, July 23. At Ponoka, June 1, July 16, Aug. 3.  
 Bashaw—At Wetaskiwin, June 4, June 27, July 19. At New Norway, May 28, July 15, Aug. 2. At Ponoka, June 12, July 12, July 30.  
 New Norway—At Wetaskiwin, June 12, July 12, July 26. At Bashaw, June 1, June 14, July 23. At Ponoka, May 22, June 25, July 19.

Ponoka—At Wetaskiwin, May 23, June 14, Aug. 1. At Bashaw, June 7, June 25, July 26. At New Norway, June 4, July 9, Aug. 6.  
 Final games to be played on August 8 and 10.

A checkup of the fire losses at the Saskatoon exhibition grounds on Monday revealed that about \$75,000 in grandstand and other buildings went up in smoke, practically all being covered by insurance.

## NOTICE TO CREDITORS AND CLAIMANTS

In the Estate of PETER POELZER, late of the City of Wetaskiwin, in the Province of Alberta, Retired Farmer, Deceased.

Notice is hereby given that all persons having claims upon the Estate of the above-named Peter Poelzer who died on the 19th day of March, A.D. 1928, are required to file with W. H. Odell, of the City of Wetaskiwin, in the Province of Alberta, Executor, or with the undersigned Solicitors by the 19th day of June, A.D. 1928, a full statement duly verified of their claims and of any securities held by them, and that after that date the Executor will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been so filed or which have been brought to his knowledge.

Dated this 1st day of May, A.D. 1928.  
 ODELL & RUSSELL,  
 Solicitors for the Executor, Wetaskiwin, Alberta.

## TO WHOM IT MAY CONCERN

Notice is hereby given that my son, Louis Pietz, left my home on April 17th, 1928, and that I will not be responsible for any debts contracted by him after that date.

Dated at Wetaskiwin, Alta., this 30th day of April, 1928.  
 (Signed) JULIUS PIETZ,  
 Wetaskiwin, Alberta.

## For Sale

FOR SALE—By tender, until June 7th, a fully modern, double, cement block house. Six rooms on each side, with separate entrance and hall if desirable. Full size basement of the same material. An ideal situation on Court House Avenue. A good renter. The owner who lives on one side, rents one half six rooms, unfurnished, not warmed or lighted, for \$24 a month. A chance to get practically two first-class houses at a reasonable price. May be inspected at any time. The highest or any tender not necessarily accepted. R. Hawkins, P. O. Box 508.

FOR SALE—Chesterfield with chair to match. M. R. Hardy, Pearce Street, Wetaskiwin.

FOR SALE—Parebed Barred Rock setting Eggs. \$1.00 per setting of 15. Apply to Dr. N. A. Johnson, phone 283, Wetaskiwin.

FOR SALE—Organ in first-class shape; also pile of nice split wood. Apply to D. Simmons, Wetaskiwin.

SEED POTATOES FOR SALE—\$1.00 bushel. Phone 2505. 51-4th

## Wanted

STOCK TO PASTURE—Either horses or cattle. Good pasture and running water. Price \$3.00 a head for season. Apply to R. R. Mulloy, phone 3411, R3 Wetaskiwin.

Look at the label on your paper

## For Rent

TO RENT—Good suite of three or four rooms, unfurnished, hot and cold water and use of phone. Apply to phone 204, Wetaskiwin.

TO RENT—Room in central part of city, with board. Apply to Times office.

## NOTICE TO CREDITORS AND CLAIMANTS

### 815,000,000 IS PAID FOR BURNS ASSETS

Toronto, May 16.—The Dominion Securities Corporation, Ltd., has acquired the entire undertaking and assets of P. Burns & Co., Ltd., Calgary. The transaction is reported to involve upwards of \$15,000,000. Announcement of the deal was made here today by A. L. Pollock, vice-president of the Dominion Securities corporation.

The announcement stated:—"This transaction concerns one of the largest, essentially Canadian industries in Western Canada. The transfer of control involves no change in the management and policies of the company. The executives will continue actively in the direction of the company's affairs."

"It is expected that certain financing in connection with this deal will be effected in the course of the next three weeks. It is a matter of particular concern to the interests which have acquired the company that P. Burns has accepted the chairmanship of the board of the new company."

"W. J. Blake will remain as vice-president, and John Burns will continue to direct the company's affairs."

P. Burns & Co. is one of the largest packing companies in the Dominion, whose operations, commencing in a small way in 1890, have rapidly expanded until today its business is carried on in practically every part of the Canadian West, as well as the British Isles, continental Europe, the West Indies and the Orient.

### JACK MINER'S INDICTMENT OF THE CROW

Enjoying a continent-wide reputation as a nature lover and protector of bird life, Jack Miner, from his famous Kingsville bird sanctuary in Ontario, has declared ruthless war against the crow. He conducts a spirited campaign annually against the black marauder, and his invention inspired by his love for feathered songsters, insectivorous and game birds, he has devised a special strap for the common enemy.

Mr. Miller denounces the crow as a wholesale murderer in the first degree, declares his depredations far outweighs his usefulness, and maintains the birds he slaughters annually would, if left alone, do twice as much good in the destruction of insect pests as the crow could or would do.

This is an endorsement from an authoritative source of the campaign instituted by the government of Saskatchewan for the destruction of crows, in which it invites all residents of the province to participate. The campaign has an economic feature which all farmers, gardeners and poultry-keepers should appreciate. "Besides being the inveterate enemy of poultry, and bird-life generally, the crow is the greatest ally of the insect pests which annually take such a heavy toll of field and garden crops."

True, the crow himself is not adverse to a hearty meal of such insects when nothing better offers, but he infinitely prefers to satisfy his gluttony on the eggs of more useful birds. Preservation of these useful birds, man's allies in the fight against the insect pests, is a second feature of the anti-crow campaign. Justifiable on two grounds, therefore, the campaign should assume province-wide proportions.

Mr. Miner, in a recent article published in the magazine "Rod and Gun" has replied to those who declare a crow campaign is "interference with the balance of nature." His argument is conclusive and convincing. He scouts the idea that man has no right to interfere with nature, and that crows were introduced to act as they do. He asks whether it is interfering with nature to kill snakes and other animals dangerous to human life, and then proceeds to state that no matter how intensive a war be waged against the crow, the black gentleman is too shrewd and wary a bird to be in danger of extermination. Crows by their depredations control poultry, song, insectivorous and game bird life, he says, why then should man not control the crow?

"They are the shrewdest thieves of the bird family," says Mr. Miner. At a recent football match a man began to criticise the methods of the referee in a very loud voice. "Look here!" shouted the referee, "are you refereeing or am I?" "Neither," retorted the man.

The Times does commercial printing at right prices.

#### Here and There

(68) Actual sales of Canadian Pacific Railway farm lands for the first three months of the year have been double those of the corresponding period of 1927. Enquiries for farm lands generally have increased in the same proportion.

Quebec, Quebec. — The mineral production of the Province of Quebec for the fiscal year ending June 30, 1928, will be well in excess of \$30,000,000 if the activity continues, according to a statement from the Provincial Department of Mines, just issued.

Saint John. — The Maritime Provinces can find a good market in South and West Africa for their manufactured and natural products, according to D. J. S. Tyrer, who recently returned from there. A vast trade, he claimed, could be worked up in salt fish.

Vernon. — For the first time in the history of bee-keeping in British Columbia one bee-keeper in the Okanagan Valley has exported a full carload of honey from his own hives. His 250 colonies gave him an average of 175 pounds of honey per colony.

Ottawa. — A survey will be made this year for a Canadian air mail route between Montreal and Winnipeg. This will consist of determining the best routes and locating landing fields. Recent announcement of four air mail contracts between points in Eastern Canada forecast more extensive operations along this line at an early date.

Midland, Ont. — For the first time in the history of this progressive town, a through Canadian Pacific train left here early in May for Toronto, and the first C. P. R. through train arrived from Toronto later in the day. A bottle of champagne was broken across the fender of the C. P. R. locomotive as it pulled out of Midland.

Ski-ing in July and August will be a prominent feature of the combined winter and summer camp to be operated in the Canadian Rockies under the shadow of Mount Ogishby by Marjorie A. McGill Alblitz. The winter sport is made possible by the fact of a huge glacier that runs down the slopes of the mountain. Summer sports of variety will also be possible at the camp, which is one of the beauty spots of that part of the Rockies traversed by the Canadian Pacific.

Toronto. — Premier G. H. Ferguson announces that the Government has signed a contract with the Canadian Pacific Railway for the supplying of two additional cars to be used as "travelling schools" in the outlying districts of the province. The cars will be equipped in Winnipeg and both will run out of Port William, operating between that city and Superior Junction. At present two cars are in operation, both in Northern Ontario. Not only children of trappers and railway workers, etc., receive instructions in these travelling schools but night classes are arranged for adults.

**The Doctor Knows**

Doctors who know Minard's Liniment and also prescribe it for their patients, are the most successful in their practice. It is the best all-around healing and soothing ointment.

Dr. Joe Aug. Strode, of St. Louis, Mo., writes: "I have frequently used Minard's Liniment and also prescribe it for my patients, and with the most gratifying results. I consider it the best all-around healing and soothing ointment."

C. A. King, M.D., also recommends Minard's Liniment in the following words: "I have used Minard's Liniment myself as well as prescribed it in my practice when a liniment was required, and have never failed to get the desired effect."

**MINARD'S LINIMENT**  
"KING OF PAIN"

Telephone to, or leave all items for this page, as well as advertisements, and all orders for commercial printing, with Mr. Graham, at the Drug Store.

#### MOTHER'S DAY

Sunday, May 13, Mother's Day, was celebrated in the Millet United church school by an open service, in which the program for the day was carried out, Rev. L. R. Macdonald leading.

Appropriate hymns were sung, with Miss Gladys Korr at the piano.

Miss Irene Anderson led the school in the unison Scripture lesson.

The Misses Blanche Van Valkenberg and Evelyn Christie gave the readings arranged in a very sympathetic manner.

The pageant was carried out with Miss Muriel Alkens at the Spirit of Remembrance, Elida Van Valkenberg and Adrian Kent as the children who are making ready their gifts for Mother. The Japan scene was arranged with Howard Olesen seated at a table with cherry blossom decoration and a water color of Fuji Yama on the wall.

The Canadian scene was carried out by Mrs. Moffett, John Duchuk and Mrs. Graham. The pages were Allison Macdonald and Gordon Higginson, the collection being taken by Elmer Olesen and Louis Anderson.

During the service the infant son of Mr. and Mrs. Martin Nelson was given the name Philip Arthur in baptism.

Repeated in hymn and speech through the proceedings were the words:—

"I would be true, for there are those who trust me,  
I would be pure, for there are those who care;  
I would be strong, for there is much to suffer,  
I would be brave, for there is much to dare.  
I would be friend of all—the foe, the friendless,  
I would be giving and forget the gift,  
I would be humble, for I know my weakness,  
I would look up, and laugh, and love, and lift."  
—Howard Arnold Walters.

#### HILLSIDE U.F.W.A. NEWS

(Intended for last week)

On May 3rd the U.F.W.A. gathered at the home of Mrs. E. R. Hoskins.

In answer to the roll call we heard of many odd things, such as six-legged cows, four-legged persons, four-legged chickens, cats that knock at the door, etc.

Mrs. Loader gave a very helpful paper on "Starting Vegetable Plants for the Garden". Mrs. Harvey gave a splendid paper on "World Peace."

The third chapter of the continued story was written and read by Mrs. Hoskins. In this we hear more about the hero of the story. And now we must wait till June for the next instalment.

The June meeting is to be a Sewing Demonstration at the home of Mrs. T. H. Howes on the 15th, 16th and 18th. All ladies who are interested, are cordially invited to attend these lessons.

#### LARKIN NOT SELLING

#### SALADA TEA BUSINESS

Officials of the Salada Tea Company, Toronto, have informed this paper that the Hon. Peter C. Larkin, Canadian High Commissioner in London has cabled a denial to the rumor that he was selling his Salada Tea business. "There is not a grain of truth in it," he said. "We have had numerous offers for the business since I took office under the Government, but I would not entertain the idea of parting with any of the business interests of myself or my son, neither would my son."

#### NEWSPAPER LAWS

Excerpts from Newspaper Law, printed for the benefit of any reader who may have mistaken ideas regarding same:

1. A postmaster is required to give notice by letter (returning the paper does not answer the law) if the subscriber does not take the paper out of the post office and state the reason for its not being taken. Any neglect to do so makes the postmaster responsible to the publisher for payment.

2. If any person orders his paper discontinued he must pay all arrears or the publisher may continue to send it until payment is made and collect the whole amount, whether the paper is taken from the office or not. There can be no legal discontinuance until payment is made.

3. Any person who takes a paper from the post office, whether directed to his name or another, or whether he subscribes or not, is responsible for payment.

4. If a subscriber orders his paper stopped at a certain time and the publisher continues to send it, the subscriber is bound to pay for it if he takes it out of the post office. This follows the principle that a man must pay for what he uses.

Colonel Bullfrog: "Vicar, your confounded parish magazine says I have been killed in an accident!"  
Absent-minded vicar: "Er—I am very sorry to hear that—when do you wish the funeral to take place?"

#### THINK IT OVER!

Perpetual devotion to what a man calls his business is only to be sustained by perpetual neglect of many other things. And it is not by any means certain that a man's business is the most important thing he has to do. — Robert Louis Stevenson.

#### MILLET LOCAL NEWS

Mr. and Mrs. West motored to New Norway on Sunday.

Busy days and hopeful faces are the present signs of the times.

Mr. Ted Matheson of New Norway, was a week-end visitor in town.

Mr. and Mrs. S. C. Moen and little Joyce motored to Edmonton on Sunday.

Mr. G. A. Wagner, Mr. and Mrs. J. C. Wagner and family, spent Sunday with Mr. and Mrs. Menden and family of Sunnybrook.

The sound of the hammer is heard in our town, on the elevator. C. S. Moen's residence, Vic's Garage and A. P. Mitchell's land office.

The W.A. is holding a sale of work, serving afternoon tea, and having side shows and attractions in the Community hall on Saturday, May 19.

Remember the "Trip Around the World" beginning at the Minister's residence, on Thursday evening. Call there at 8 o'clock for directions as to routes.

Mr. J. R. K. Graham returned on Thursday from the Royal Alexandra Hospital, where he has been for the past three weeks. His condition continues to improve.

The W.A. held its weekly meeting at the home of Mrs. Thron on Monday to complete arrangements for their sale of work in the Community hall on Saturday, May 19th.

Mr. A. P. Mitchell left for Calgary on Sunday to spend the week-end. On his return he will be accompanied by Mrs. Mitchell and Miss Alice, who have been in Calgary during the past week.

Mrs. Menden had the misfortune to have her collar bone broken last week, when the car in which she was riding turned over. It is hoped she gets along fine. No other occupants of the car were hurt other than a few scratches.

#### FARMING IN THE PEACE RIVER COUNTRY

When the full history of Canadian agriculture is written, one of the most fascinating chapters will be that devoted to the development of the Peace River country. From Beaverbridge, Alberta, comes the report of the Superintendent of the Dominion Experimental Substation. It would be difficult to find a record of government activity that is more optimistic. This station serves a very large area including the Upper Peace region extending far into Northern British Columbia, the Athabasca watershed, and part of the North Saskatchewan valley. From as far west as Hudson Hope settlers are co-operating with the government in the growing of alfalfa and sweet clover.

Land that was barren and looked upon as waste is now producing wheat and growers in Grande Prairie and the Valhalla Valley report yields of 61, 68 and 70 bushels to the acre. The championship wheat and oats at the Chicago International Show was grown in the Peace River country.

That the weather is good in the Peace River country is evidenced by the fact that excellent threshing weather prevails until well into November, and that roads are good until New Years, the elevators at steelhead being continually choked with arrivals of grain up to that time.

"How long had you known your husband before you were married?"  
"I didn't know him at all; I only thought I did."

**AFTER ALL**  
There's Nothing To Equal  
**Zam-Buk**  
FOR THE SKIN!

Cook's Regulating Compound  
Cook's Regulating Compound is a regulating medicine for the bowels. It is made of pure vegetable matter, and is not a cathartic. It is sold by all druggists, or sent by mail on receipt of 17c. Two pamphlets, "Advances in the Cook Medicine Co., Toronto, Ont. (Formerly Windsor)."

#### MILLET W. I.

The Millet branch of the Women's Institute held their regular meeting on Wednesday afternoon, May 9th, at the home of Mrs. T. Howes, with 17 members present.

Roll call was answered with "Our Favorite Flower."

Much regret was expressed that Mrs. Dowler was sick and unable to give her demonstration on "How to make a home-made broiler cooker."

Mrs. H. Phillips was appointed official delegate to the Provincial Convention to be held at the Palliser Hotel, Calgary, May 29th to June 1st.

Mrs. G. Pokoille will give a short course on Home Decoration and Furnishing, at the Community Hall, May 23, 24 and 25. The course will be free and every lady interested is cordially invited to attend.

A Baby Clinic will be held on June 26th.

Delicious refreshments brought a very pleasant afternoon to a close.

The next meeting is to be held on June 13 at the home of Mrs. W. Woods. Everyone welcome.

#### POEM FOR SPRING

"Floods and famine! Sorrows and Sins!"  
So the daily press begins.  
Most of the printed news is bad,  
Little enough to make us glad.

But drop the sheet and look around!  
Scan the headlines on the ground,  
In the trees and on the sod,  
Spaced in the very type of God.

"Extra! Extra! The catkins sprout!"  
Crocuses will soon be out!  
The old brown lawn wears patches of green!  
The first bronze grackle has been seen!

Spring is coming in fields and woods  
To open the season with bright fresh goods,  
Free to everyone! All you choose!  
"Extra! Extra! Read the news!"  
—Abbie Farwell Brown.

#### CARD OF THANKS

Mrs. W. M. Weir and family wish to thank the many neighbors and friends for kindness, sympathy and floral tributes during their recent sad bereavement.

You would not be ashamed of your stationery if it had been printed in The Times office.

FOR SALE—Potato Planter, Cook-shut, in A-1 condition. Cheap for cash. Apply to A. P. Mitchell, Millet.

**Heart Was Weak  
Nerves Were Bad  
Couldn't Do Her Work**

Mrs. A. Watts, Bond Head, Ont., writes: "I have been so greatly benefited by Mrs. Milburn's Heart and Nerve Pills I feel I should write and tell you how grateful I am for your splendid remedy."

"My heart has been weak for a couple of years, and as a consequence my nerves became very bad."

"I was unable to do my work, could not sleep at night, and seemed to be gradually getting worse."

"I tried several remedies, but received no benefit from them, and was becoming very much alarmed by my condition. One day a friend advised me to try

"I was rather doubtful about them as I had become discouraged trying so many things. However, she persuaded me to get a box, and how thankful I am to have taken her advice. I have taken four boxes, and am on my fifth, and I feel that I am very much better."

Price 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## LARGEST GRADUATION FROM UNIVERSITY OF ALBERTA

More than 200 graduates, the largest class in the history of the institution, received their diplomas from the deans of the various faculties during the eighteenth convocation of the University of Alberta on Tuesday afternoon.

Henry Marshall Tory, M.A., D.Sc., LL.D., F.R.C.S., F.R.H.S., president of the university for the last twenty years and now retiring to become permanent chairman of the National Research Council of Canada, was formally presented with the honorary degree of doctor of laws by the Hon. A. C. Rutherford, newly-elected chancellor.

The same honorary degree of doctor of laws was conferred upon Premier J. E. Brownlee, B.A., who was also the chief speaker of the afternoon. Among those who graduated was Edwin N. Peterson of Wetaskiwin,

who was given his Master of Arts degree.

## FIRST MOVE TO FILL VACANCY AT UNIVERSITY

Hon. Perren Baker, minister of education, will leave shortly for points east, on a tour of investigation that will have as its objective the location of likely appointees to the vacant presidency of the University of Alberta. He will go right across the dominion, to the maritime provinces, and may also cross the line into the eastern and middle states.

There will be nothing final in the minister's visit, which is being undertaken as a first move by the government toward picking a new head for the big school.

"So you've discharged your chauffeur? Didn't he fill the bill?" "Fill the bill. He came near filling the hospital."

"Fruit-a-tives" the Foe of Constipation

NEW MILLS, N.B.—"I can honestly say 'Fruit-a-tives' are the best internal regulator I have ever used. Other remedies, and I have tried many, cause pain and griping, but 'Fruit-a-tives' always act easily and effectively. I most sincerely recommend them."

Mr. S. MacNair.

Made from the intensified juices of fresh fruits combined with tonics, "Fruit-a-tives" is a natural medicine. It strengthens the system to act naturally without the continuous use of laxatives—25c and 50c a box.

## SPECIAL NOTICES

Do not miss seeing the big picture "Old San Francisco" at the Angus Theatre on Friday and Saturday of this week. A romance of the 'Frisco at the time of the great fire in 1906.

A Rummage Sale, under the auspices of the W.A., will be held on the East Side of the railway track on Saturday, May 19th.

Mrs. Quilton, of the Bon Marche Millinery Store, Edmonton, will be at the U.F.A. Store, Wetaskiwin, on Saturday of this week, with a fine display of millinery, including chic summer styles and youthful matron hats in the smartest and most attractive designs. No need to buy your millinery out of town.

Sally O'Neill and Owen Moore will be seen at the Angus Theatre on Monday and Tuesday, May 21 and 22, in "Becky," a tale of a shop girl with Grand Opera aspirations.

U.F.A. Dance will be held in the Lone Ridge hall on the evening of May 24th. Good music will be provided and a good time is promised.

A dance will be given in the Angus Ridge Community Hall on Thursday evening, May 24th. Music by Ponoka Orchestra. Good eats and a good time.

Johnny Hines in "Chinatown Charlie," Collegians and Review will be the picture program at the Angus Theatre on Wednesday, May 23rd. On the stage local artists are prepared to give one of the best programs of the season. This is a very special show and will be shown at regular prices.

Phone Ed. Mason, No. 294, for trucking and hauling Prompt and satisfactory service.

## GIRL GUIDES HOLD MEETING

The weekly meeting of the Girl Guides was held in the Parish Hall on Tuesday, May 15. After opening exercises it was decided that the girls are to pass their Second Class on June 18. The girls coming in late in the year pass their Tenderfoot on June 15. The girls had their physical training outdoors. While waiting for Mr. Kingzett they went for a walk and played a game. Mr. Kingzett continued the training in Morse signalling. The meeting closed with "God save the King."

## CARD OF THANKS

Arthur Rippon desires through the columns of The Times to sincerely thank the neighbors and friends for their expressions of sympathy and for the assistance rendered during the illness and demise of the late Mrs. Thos. Waterston.

Father: "Be so good as to finish your oatmeal, son. You should be ashamed of yourself; how many poor wretches would be happy to get as little as half of that oatmeal?" Son: "Me, too."

## The New Ford

Smart low lines and beautiful colors . . . 40 horse power engine . . . Remarkable acceleration . . . 55 to 65 miles per hour . . . 25 to 30 miles per gallon of gasoline . . . Four wheel brakes . . .
